DETAILED ACTION

Allowable Subject Matter

1. Claims 11-18 are allowed.
2. The following is an examiner's statement of reasons for allowance: with respect to claims 11, 12, and 13, in addition to other limitations in the claims, the prior art fails to teach, disclose, or render obvious the applicant's invention as claimed, particularly the feature describing:

-a pull up control circuit connected to the input terminal, the pull up control circuit including a delay circuit that is connected to the input terminal and that has third inverters connected in series that provide a delayed input signal, the pull up control circuit pulling up a voltage of the first signal under control of the delayed input signal during a predetermined time from a time when the input signal is changed from "L" level to "H" level.

-a first inverter transistor, a first diode, a second inverter, a second diode, and back gate connected as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
